

Risk Assessment for Red Kite Learning Trust (Through Schools).

Assessment Title:	Coronavirus (COVID-19): implementing protective measures for full opening: THROUGH SCHOOLS	Reference Number:	Version 8
--------------------------	---	--------------------------	------------------

School Name:	Temple Learning Academy	School Address:	Neville Road, Halton Moor, Leeds LS15 0NN
---------------------	--------------------------------	------------------------	--

Date Assessment Undertaken:	Name of Assessor (print):	Assessor Signature:	Assessment Review Date:
Reviewed 12 th March 2021	Dave Noble	<i>D. Noble</i>	Ongoing

Name of Head Teacher (print):	Head Teacher Signature:	Name of Chair of Governors (print):	Chair of Governors Signature:
Richard Hadfield	<i>R. Hadfield</i>	Nneka Ikeogu	<i>N. Iheogu</i>

Main Legislation and/or Information Source:	<ul style="list-style-type: none"> - Health & Safety at Work Act 1974. - Management of H & S at Work Regulations 1999. - Dept of Education Guidance For Full Opening of School 7th August 2020 and subsequent updates - Dept of Education Guidance for education and childcare settings: New National Restrictions from 5th November 2020 - Dept of Education Operational Guidance for education and childcare settings reopening 22nd February 2021:
---	---

Guidance:
HIGH - Intolerable and Substantial risks – Urgently review/add controls & monitor, notify Director of Operations or Trust Estates Manager (if Likely or Highly Likely – stop work, seek competent advice)
MEDIUM – Moderate risks – Review/Add controls (as far as reasonably practicable) & monitor
LOW – Trivial or tolerable risks – Monitor control measures.

This is a sample risk assessment and will remain so unless the following criteria are satisfied.

1. The boxes highlighted in grey above must be completed with the required details.
2. The Ref number can be allocated as per the schools own numbering system.
3. The control measures listed below must be either complied with or altered to reflect the school's own control measures.

Once criteria 1-3 have been satisfied, you should remove the 'Sample' watermark. DESIGN-WATERMARK and choose the option that says 'Remove Watermark'

		Severity/ Consequence		
		Slightly harmful	Harmful	Extremely harmful
Likelihood	Highly unlikely	Trivial risk	Tolerable risk	Moderate risk
	Unlikely	Tolerable risk	Moderate risk	Substantial risk
	Likely	Moderate risk	Substantial risk	Intolerable risk

Risk Assessment for Red Kite Learning Trust (Through Schools).

RISKS	<p><i>Note: this list is not exhaustive and must be adapted for your own needs</i></p> <ol style="list-style-type: none"> 1. Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed 2. Social Distancing Measures Not Followed During Travel to and from School 3. Inadequate Cleaning/Sanitising 4. Shared Resources 5. Staffing & Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors 6. Site User Becoming Unwell 7. Site User Developing Symptoms 8. Inadequate Hand Washing/Personal Hygiene 9. Inadequate Personal Protection & PPE 10. Visitors, Contractors & Spread of Coronavirus 11. Inadequate Ventilation 12. Catering 13. School Activities 				
	No.	CONTROL MEASURES	ADDITIONAL INFORMATION	YES	NO
<p><i>Note: you must amend and adapt this generic risk assessment to suit your own needs by selecting the controls from the examples provided (adding and amending others where necessary) and then evaluate the overall risk for the activity/situation.</i></p>					
1.	Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed				
1.1	Consistent groups are in place which reduces the risk of transmission by limiting the number of pupils and staff in contact with each other to only those within the group	All pupils spend the vast majority of the week in the same classes of 30 pupils. Mixing between classes will be limited as much as possible.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.2	The school keeps a record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups	All details are through the school timetable, pupil registers, seating plans, Classcharts and other records.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.3	Distinct groups or 'bubbles' that do not mix are maintained which makes it quicker and easier in the event of a positive case to identify those who may need to self-isolate and to keep that number as small as possible	This is true. Class bubbles and year group bubbles and Key Stage bubbles are utilised at all times.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.4	Primary schools may be able to implement groups that are the size of a full class. If that can be achieved, it is recommended, as this will help to reduce the number of	As above.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

	people who could be asked to isolate should someone in the group become ill with coronavirus (COVID-19).				
1.5	In the younger years in Secondary Schools (key stage 3), schools may be able to implement groups that are the size of a full class. If that can be achieved, it is recommended, as this will help to reduce the number of people who could be asked to isolate should someone in group become ill with coronavirus (COVID-19).	In KS3, pupils are sometimes in bubbles of 120 for practical subjects or tutoring/interventions or after-school provision. Year 9 pupils are sometimes in a bubble of 200 with Year 10 for after-school provision.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.6	In Secondary Schools, and certainly in the older age groups at key stage 4 and key stage 5, the groups are likely to need to be the size of a year group to enable schools to deliver the full range of curriculum subjects and students to receive specialist teaching. If this can be achieved with small groups, they are recommended	In KS4, pupils are sometimes in bubbles of 120 for practical subjects or tutoring/interventions or after-school provision. Year 10 pupils are sometimes in a bubble of 200 with Year 9 for after-school provision.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.7	Whatever the size of the group, they are kept apart from other groups and older children are encouraged to keep their distance within their groups	In classrooms, all staff and students must remain seated in a strict seating plan unless there are very clear and unavoidable learning or welfare reasons not to do so. Occasionally, a minority of pupils may spend some time in the week in another pastoral bubble to support emotional wellbeing or SEND. This will always be pre-planned, risk-assessed and logged and traced.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.8	Schools with the capability to do it should take steps to limit interaction, and the sharing of rooms and social spaces between groups as much as possible	All pupils are taught mostly in the same classroom. Shared classrooms and shared indoor spaces are used in limited ways and have enhanced cleaning. Dining areas are cleaned between each sitting before the next group goes in.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.9	It is recognised that younger children will not be able to maintain social distancing, and it is acceptable for them not to distance within their group	As above.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.10	Schools keep children in their class groups for the majority of the classroom time, but also allow mixing into wider groups for specialist teaching, wraparound care and transport	As above.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.11	Siblings may be in different groups	Siblings are in different groups throughout the school.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

1.12	Teachers and other staff operate across different classes and year groups in order to facilitate the delivery of the school timetable	This happens but is limited as much as possible. In these circumstances, staff must focus even more on maintaining maximum social distancing.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.13	Where staff need to move between classes and year groups, they should keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults	At all times, staff aim to remain at least 2m away from all other adults and children. If they must go within 1-2m of another person, they must only do so for a maximum of 5 minutes and anyone older than 11 should wear a mask. Staff should never go within 1m of another person unless there are very clear and unavoidable learning or welfare reasons to do so. This is reinforced through training and communications.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.14	The number of interactions and changes between staff and class 'bubbles' are minimised wherever possible	As above.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.15	Where possible adults maintain a 2-metre distance from each other, and from children	As above.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.16	Adults avoid close face to face contact and limit time spent within 1 metre of anyone	<p>- direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face-to-face conversation, or unprotected physical contact (skin-to-skin)</p> <p>- proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes either as a one-off contact or added up together over one day) with an infected individual</p> <p>Guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.17	Staff in Secondary schools maintain distance from their pupils, staying at the front of the class, and away from their colleagues where possible	As above.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.18	Educational and care support is provided as normal to pupils who have complex needs or who need close contact care	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

1.19	Schools, local authorities, health professionals, Regional Schools Commissioners and other services work together to ensure that children with medical conditions are fully supported, including through the use of individual healthcare plans, so that they may receive an education in line with their peers.	In some cases, the pupil's medical needs will mean this is not possible, and educational support will require flexibility. Our guidance on supporting pupils at school with medical conditions DfE Guidance updated on 12 th February 2021 remains in place	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.20	Pupils are seated side by side and facing forwards, rather than face to face or side on	Side by side and forward facing is the default from Year 2 upwards. This is not always the case in Early Years and Year 1 and in some practical lessons.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.21	Unnecessary furniture has been moved out of classrooms to make more space	This is true. Students will be spaced out even more in Year 10 where smaller class sizes facilitate maximum social distancing and individual desks.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.22	Large gatherings such as assemblies or collective worship with more than one group do not take place	Large gatherings are infrequent and limited to pastoral bubbles.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.23	The timetable and selection of classroom or other learning environment has been used to keep groups apart and reduce movement around the school or building	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.24	Break times are staggered so that all pupils are not moving around the school at the same time	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.25	Lunch breaks are staggered	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.26	Numbers of staff using Staff Room are limited or the use of Staff Room is staggered to ensure that staff maintain 2 metres distance from each other	A combination of both strategies. Plus a reduction in furniture and clear signage and taped areas. Face coverings to be worn except when eating and drinking.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.27	Staff meetings take place remotely where possible. Where this is not possible staff meetings take place in a large well-ventilated room ensuring 2 metres social distancing at all times	All meetings of more than 12 people are virtual whenever possible. Small team meetings are limited and are in large, ventilated areas (e.g. Heart Space).	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.28	Consideration given to staggered starts or adjusting start and finish times to keep groups apart as they arrive and leave school	These are in place for all year groups. There is no reduction in overall teaching time as a result.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

1.29	Parents' drop-off and pick-up protocols planned to minimise adult to adult contact	CYPS Bulletin	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.30	All parents/carers entering the school premises (and in other congested areas around school premises) wear a face covering in addition to social distancing	This is strongly recommended as an extra safeguard to reduce the transmission of the virus. Not all adults comply 100% of the time.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
1.31	Ensure that you inform those travelling by car that they should wait in their car until the specific drop off time	This is regularly reinforced through communications.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.32	Ensure that you inform parents to maintain social distancing from others when dropping off and collecting pupils from school	This is regularly reinforced through communications.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.33	Parents and pupils are told their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use, only one adult per family should enter school grounds to drop off or collect)	This is regularly reinforced through communications.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.34	It is made clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre-arranged appointment, which should be conducted safely)	This is regularly reinforced through communications.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.35	Educational Visits must not take place at this time	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.36	From 8 March, school will work to resume all before and after-school educational activities and wraparound childcare for pupils, where this provision is necessary to support parents to work, attend education and access medical care, and is as part of pupil's wider education and training	This will take place during the summer term.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.37	You should advise parents that where they are accessing before and after school provision for their children, that they must only be using this, where: <ul style="list-style-type: none"> • the provision is being offered as part of the school's educational activities (including catch-up provision) • the provision is as part of their child's efforts to obtain a regulated qualification or meet the entry requirements of an education institution • the use of the provision is reasonably necessary to support them to work, seek work, undertake education or training, attend a medical appointment or address a medical need or attend a support group 	This will take place during the summer term.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.38	School works closely with any external wraparound providers which their pupils may use, to ensure as far as possible, children can be kept in a group with other children from the same bubble they are in during the school day	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1.39	Where parents are using external childcare providers or out of school extra-curricular activities for their children, you should also:	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

	<ul style="list-style-type: none"> • advise them to limit their use of multiple out-of-school settings providers, and to only use one out-of-school setting in addition to school as far as possible. • encourage them to check providers have put in place their own protective measures • send them the link to the guidance for parents and carers 				
1.40	<p>If school premises are hired out for use by external wraparound childcare providers, such as after-school or holiday clubs, schools have made sure these organisations have:</p> <ul style="list-style-type: none"> • considered the relevant government guidance for their sector • put in place protective measures 	The school does not currently hire out facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2	Social Distancing Measures Not Followed During Travel to and from School				
2.1	Parents and pupils are encouraged to walk or cycle to their education setting where possible	These are communicated regularly to the community.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2.2	Schools, parents and pupils following the government guidance on how to travel safely, when planning their travel on public transport.	safer travel guidance for passengers	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2.3	Face coverings are required at all times on public transport for children, over the age of 11.	These are communicated regularly to the community. Staff are also reminded of the need to wear face coverings when car sharing.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3	Inadequate Cleaning/Sanitising				
3.1	A cleaning schedule that ensures cleaning is generally enhanced and includes more frequent cleaning of classrooms and shared areas that are used by different bubbles / groups is in place.	Processes are in place for enhanced cleaning throughout the week.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3.2	Frequently touched surfaces, such as toys, books, desks, chairs, doors, sinks, toilets, light switches, bannisters etc. are cleaned more often than normal.	As above.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3.3	Electronic entry systems and keypads are regularly sanitised particularly first thing in the morning and where possible after each use.	Use of electronic entry systems and keypads will also be reduced.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3.4	Bins for tissues and other rubbish are emptied throughout the day.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3.5	Stocks of cleaning chemicals, liquid soap, paper towels, tissues, toilet roll, bin bags etc. regularly checked and additional supplies requested as necessary.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3.6	Consideration given to how play and PE equipment is used ensuring it is appropriately cleaned between groups of children using it.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3.7	Outdoor playground equipment should be more frequently cleaned	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

3.8	Different groups do not need to have their own toilet blocks allocated but toilets need to be cleaned regularly and pupils encouraged to clean their hands thoroughly after using the toilet.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4	Shared Resources				
4.1	For individual and very frequently used equipment, such as pencils and pens, it is recommended that staff and pupils have their own items that are not shared	Any shared items in classrooms are cleaned regularly.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4.2	Classroom based resources, such as books and games, can be used and shared within the bubble; these are cleaned regularly, along with all frequently touched surfaces.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4.3	Resources that are shared between classes or bubbles, such as sports, art and science equipment should be cleaned frequently and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4.4	Pupils should limit the amount of equipment they bring into school each day, including essentials such as lunch boxes, hats, coats, books, stationery, bags and mobile phones (depending on school policy)	All pupils' personal belongings must always be stored in a locked locker or pupil drawer.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4.5	The ability to clean equipment used in the delivery of therapies, for example, physiotherapy equipment or sensory equipment has been assessed and where cleaning or disinfecting is not possible or practical, resources will be either: • restricted to one user • left unused for a period of 48 hours (72 hours for plastics) between use by different individuals	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4.6	Pupils and teachers can take books and other shared resources home, although unnecessary sharing should be avoided, especially where this does not contribute to pupil education and development. Rules on hand cleaning, cleaning of the resources and rotation apply to these resources.	Any resources taken home – which are most likely to be books – will treated as shared resources as per 4.3 above.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4.7	Devices/ laptops/tablets etc. that are brought from home to school and back again are cleaned at the start and end of the day.	As above in 4.6.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5	Staffing & Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors				
5.1	Contact with individuals who are required to self-isolate is minimised by ensuring they do not attend the school	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.2	Anybody contacted by NHS Test and Trace or local health protection team and told to self-isolate because they have been a close contact of a positive case, has a legal obligation to do so	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

5.3	<p>Pupils, staff and other adults must not come into the school if:</p> <ul style="list-style-type: none"> • they have one or more coronavirus (COVID-19) symptoms • a member of their household (including someone in their support bubble or childcare bubble (if they have one) has coronavirus (COVID-19) symptoms • they are required to quarantine having recently visited countries outside the Common Travel Area • they have had a positive test result 	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.4	<p>School makes everyone onsite or visiting aware that they must immediately cease to attend and not attend for at least 10 days from the day after:</p> <ul style="list-style-type: none"> • the start of their symptoms • the test date if they did not have any symptoms but have had a positive test result (whether this was a Lateral Flow Device (LFD) or Polymerase Chain Reaction (PCR) test) 	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.5	<p>The school recognises that if they have two or more confirmed cases within 14 days, or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, they may have an outbreak and will call the dedicated advice service who will escalate the issue to your local health protection team where necessary and advise if any additional action is required</p>	You can reach them by calling the DfE Helpline on 0800 046 8687 and selecting option 1 for advice on the action to take in response to a positive case	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.6	<p>Where a pupil routinely attends more than one setting on a part time basis, for example because they are dual registered at a mainstream school and a special setting, the settings should work through the system of controls collaboratively, enabling them to address any risks identified and allowing them to jointly deliver a broad and balanced curriculum for the pupil. Pupils should be able to continue attending both settings.</p>	While some adjustment to arrangements may be required, pupils in this situation should not be isolated as a solution to the risk of greater contact except when required by specific public health advice	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.7	<p>Where individuals are self-isolating and are within the definition of vulnerable, school has put systems in place to keep in contact with them, offer pastoral support, and check they are able to access education support</p>	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.8	<p>Where school staff and pupils are completing LFD tests at home, schools make it clear to staff and pupils that a negative test result does not remove the risk of transmission</p>	In some cases, someone who has tested negative may still have the undetected disease and be infectious. It is therefore essential that everyone continues to follow good hygiene and observe social distancing measures whether or not they have been tested	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.9	<p>The advice for pupils who have been confirmed as clinically extremely vulnerable is to shield and stay at home as much as possible until further notice. They are advised not to attend school while shielding advice applies nationally</p>	You will be able to request from parents a copy of the shielding letter sent to CEV children, to confirm that they are advised not to attend school or other	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

		educational settings whilst shielding guidance is in place			
5.10	CEV staff are advised not to attend the workplace	Staff who are CEV will previously have received a letter from the NHS or their GP telling them this	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.11	Current DHSC guidance, informed by PHE, currently advises that CEV individuals should continue to shield even after they have been vaccinated	This may change as we get further data on the effects of vaccination	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.12	Those living with someone who is CEV can still attend work where homeworking is not possible and should ensure they maintain good prevention practice in the workplace and home settings		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.13	CV staff can continue to attend school. While in school they must follow the system of controls to minimise the risks of transmission		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.14	Staff who live with those who are CV can attend the workplace but should ensure they maintain good prevention practice in the workplace and at home		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.15	Pregnant women are in the 'clinically vulnerable' category	School must complete the New and Expectant Mothers risk assessment as well as the Covid Individual risk assessment. Both the New and Expectant Mothers and the Individual Risk Assessment must be reviewed prior to 28 weeks when risk factors increase. Individual Risk Assessments will need to be subject to regular review RCOG Q&A covid19 virus infection and pregnancy	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.16	Whilst pregnant women are at no greater risks of catching Covid-19, there is evidence that those in later pregnancy are at greater risk of severe illness if they contract the virus and may give birth pre-term. Therefore, from now on pregnant employees in their 3 rd trimester should be directed to work from home if they are currently attending a workplace. This should happen as soon as possible, and so managers are required to send home any pregnant employees who have reached the start of their 28 th week of pregnancy	As per NYCC recommendation	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.17	Pregnant workers in their 3 rd trimester are now to be treated in the same way as CEV staff		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.18	Volunteers may be used to support the work of the school, as would usually be the case	Mixing of volunteers across groups should be kept to a minimum, and they should remain 2 metres from pupils and staff where possible	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.19	Specialists, therapists, clinicians and other support staff for pupils with SEND provide interventions as usual	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

5.20	Where it is necessary to use supply staff and peripatetic teachers, those individuals will be expected to comply with the school's arrangements for managing and minimising risk, including taking particular care to minimise contact and maintain as much distance as possible from other staff	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.21	Specialists, therapists, clinicians, support staff for pupils with SEND, supply teachers, peripatetic teachers or other temporary staff, can move between settings	They should ensure they minimise contact and maintain as much distance as possible from other staff	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6	School User Becoming Unwell				
6.1	If anyone in the school becomes unwell with a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must be sent home and advised to follow the guidance which sets out that they must self-isolate for at least 10 days and should arrange to have a test to see if they have coronavirus (COVID-19).	Other members of their household (including any siblings) should self-isolate. Their isolation period includes the day symptoms started for the first person in their household, or the day their test was taken if they did not have symptoms, whether this was a Lateral Flow Device (LFD) or Polymerase Chain Reaction (PCR) test), and the next 10 full days. If a member of the household starts to display symptoms while self-isolating, they will need to restart the 10 day isolation period and book a test	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6.2	If a pupil is awaiting collection, they should be moved, if possible, to a room where they can be isolated behind a closed door, depending on the age of the Pupils and with appropriate adult supervision if required. A window should be opened for fresh air ventilation if it is safe to do so.	Designated quarantine area on the Lower Ground Floor. "Reserve quarantine area" by Main Reception on the Ground Floor.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6.3	If the pupil needs to go to the toilet while waiting to be collected, they should use a separate toilet if possible. The toilet should be cleaned and disinfected using standard cleaning products before being used by anyone else.	As above.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6.4	PPE should be worn by staff caring for the pupil while they await collection if a distance of 2 metres cannot be maintained (such as for a very young pupil or a pupil with complex needs).	See Inadequate Personal Protection & PPE section of this risk assessment.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6.5	If a pupil displays coronavirus (COVID-19) symptoms while at their school they should avoid using public transport and, wherever possible, be collected by a member of their family or household	This is recommended.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6.5	In an emergency, call 999 if the pupil is seriously ill or injured or their life is at risk.	Anyone with coronavirus (COVID-19) symptoms should not visit the GP, pharmacy, urgent care centre or a hospital	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

6.6	Any member of staff who has provided close contact care to someone with symptoms, even while wearing PPE, and all other members of staff or pupils who have been in close contact with that person with symptoms, even if wearing a face covering, do not need to go home to self-isolate unless: <ul style="list-style-type: none"> the symptomatic person subsequently tests positive. they develop symptoms themselves (in which case, they should arrange to have a test) they are requested to do so by NHS Test and Trace or the PHE advice service (or PHE local health protection team if escalated) they have tested positive from an LFD test as part of the school's asymptomatic test programme 	This is reinforced through training and communications.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6.7	Everyone must wash their hands thoroughly for 20 seconds with soap and running water or use hand sanitiser after any contact with someone who is unwell.	This is reinforced through training and communications.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6.8	The area around the person with symptoms must be cleaned with normal household disinfectant after they have left to reduce the risk of passing the infection on to other people.	COVID-19: cleaning of non-healthcare settings guidance	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7	School User Developing Symptoms				
7.1	Schools must ensure that staff members and parents/carers understand that they must book a test if they are displaying symptoms. Staff and pupils must not come into the school if they have symptoms and must be sent home to self-isolate if they develop them in school. All children can have a test, including children under 5, but children aged 11 and under will need to be helped by their parents/carers if using a home testing kit.	The DfE Helpline (on 0800 046 8687 – option 1) advice service (or PHE local health protection team if escalated) will provide definitive advice on who must be sent home. A template letter will be provided to schools, on the advice of the health protection team, to send to parents and staff if needed.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7.2	Schools must ensure that staff members and parents/carers understand that they must be ready and willing to provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test & Trace.	These are communicated regularly to the community.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7.3	The asymptomatic testing programme does not replace the current testing policy for those with symptoms. Anyone with symptoms (even if they recently had a negative LFD test result), should still self-isolate immediately according to government guidelines	These are communicated regularly to the community.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7.4	Those with symptoms are expected to order a test online or visit a test site to take a lab-based polymerase chain reaction (PCR) test to check if they have the virus	These are communicated regularly to the community.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

7.5	Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to self-isolate if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19).	Household members of those contacts who are sent home do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently develops symptoms	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7.6	Parents and staff are asked to inform the school immediately of the results of a test.	Schools must not share the names or details of people with coronavirus (COVID-19) unless essential to protect others	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7.7	If someone with symptoms tests negative for coronavirus (COVID-19), then they need to stay at home until they are recovered as usual from their illness but can safely return thereafter. The only exception to return following a negative test result is where an individual is separately identified as a close contact of a confirmed case, when they will need to self-isolate for 10 days from the date of that contact	Schools should not request evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7.8	Someone who is self-isolating because they have been in close contact with someone who has tested positive for coronavirus (COVID-19) starts to feel unwell and gets a test for coronavirus themselves, and the test delivers a negative result, they must remain in isolation for the remainder of the 10-day isolation period	This is because they could still develop coronavirus (COVID-19) within the remaining days.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7.9	If someone tests positive, they should follow the ' stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection ' and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. This is because a cough or anosmia can last for several weeks once the infection has gone. The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should keep self-isolating until their temperature returns to normal. Other members of their household should continue self-isolating for the full 10 days.		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7.10	Schools send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 10 days since they were last in close contact with that person when they were infectious.	Close contact means: <ul style="list-style-type: none"> direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face-to-face conversation, or unprotected physical contact (skin-to-skin) 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

		<ul style="list-style-type: none"> • proximity contacts – extended close contact (within 1 to 2 metres for more than 15 minutes either as a one-off contact or added up together over one day) with an infected individual. • travelling in a small vehicle, like a car, with an infected person 			
7.11	School must take swift action when they become aware that someone who has attended has tested positive for coronavirus and must contact the dedicated advice service introduced by Public Health England (PHE) and delivered by the NHS Business Services Authority	This can be reached by calling the DfE Helpline on 0800 046 8687 and selecting option 1 for advice on the action to take in response to a positive case. Schools will be put through to a team of advisers who will inform them of what action is needed based on the latest public health advice	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7.12	Public Health England is clear that routinely taking the temperature of pupils by the school is not recommended as this is an unreliable method for identifying coronavirus (COVID-19) so this does not take place.	This does not take place.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8	Inadequate Hand Washing/Personal Hygiene				
8.1	Staff/pupils/cleaners/contractors etc. will be reminded to clean their hands regularly, including when they arrive at school, when they return from breaks, when they change rooms and before and after eating.	Ensure that staff have sufficient time to wash their hands regularly, as frequently as pupils.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8.2	Consideration given to how often pupils and staff will need to wash their hands and incorporated time for this is in timetables or lesson plans	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8.3	Staff working with pupils who spit uncontrollably may want more opportunities to wash their hands than other staff	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8.4	Pupils who use saliva as a sensory stimulant or who struggle with 'catch it, bin it, kill it' may also need more opportunities to wash their hands and this has been considered	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8.5	Help given to pupils with complex needs to clean their hands properly	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8.6	Hands are washed with liquid soap & water for a minimum of 20 seconds.	Hand sanitiser is used where washing with soap and water is unavailable.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8.7	The school has considered whether they have enough hand washing or hand sanitiser 'stations' available so that all pupils and staff can clean their hands regularly.	Increased hand sanitiser stations throughout the site. These are not placed in science labs (to minimise fire risk) and priority access to hand	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

		washing at sinks is given to pupils and staff based in science labs.			
8.8	Alcohol based hand cleansers/gels (containing at least 60% alcohol) can only be used if soap and water are not available, but is not a substitute for hand washing. Such gels MUST ONLY BE USED UNDER CLOSE SUPERVISION . In normal circumstances pupils should not be using alcohol-based hand cleansers because of the risk of ingestion.	Hand sanitiser stations are placed in close supervision areas. They are supervised even more closely in EY and Y1. Skin friendly skin cleaning wipes can be used as an alternative.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8.9	School has embedded hand washing routines into school culture, supported by behaviour expectations to help ensure younger pupils and those with complex needs understand the need to follow them	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8.10	The 'catch it, bin it, kill it' approach is very important and is promoted.	These are communicated regularly to the community.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8.11	Disposable tissues are available in each room for both staff and pupil use.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8.12	Bins (ideally lidded bins) for tissues are available in each room.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8.13	Risk assessments for pupils with complex needs that may struggle to maintain as good respiratory hygiene as their peers, for example those who spit uncontrollably or use saliva as a sensory stimulant, have been updated in order to support these pupils and the staff working with them.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9	Inadequate Personal Protection & PPE				
9.1	Adults (staff and visitors) in Primary schools DO wear face coverings in areas outside of the classroom	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.2	Children in Primary schools do not need to wear a face covering	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	In Secondary schools' face coverings should be worn by adults and pupils when moving around the premises, outside of classrooms, such as in corridors and communal areas where social distancing cannot easily be maintained.	Some individuals are exempt from wearing face coverings . This applies to those who: - cannot put on, wear or remove a face covering because of a physical or mental illness or impairment or disability - speak to or provide assistance to someone who relies on lip reading, clear sound or facial expression to communicate	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

		The same exemptions will apply in education settings, and we would expect teachers and other staff to be sensitive to those needs.			
9.3	In Secondary schools' face coverings should be worn in classrooms or during activities where social distancing cannot be maintained These measures will be in place until Easter when it will be reviewed	This does not apply in situations where wearing a face covering would impact on the ability to take part in exercise or strenuous activity, for example in PE lessons	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.4	Face coverings do not need to be worn by pupils when outdoors on the premises		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.5	Transparent face coverings can also be worn, but only to assist communication with someone who relies on lip reading, clear sound or facial expression to communicate.		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.6	Face visors or shields are not routinely worn as an alternative to face coverings	Visors may protect against droplet spread in specific circumstances but are unlikely to be effective in preventing aerosol transmission, and therefore in a school environment are unlikely to offer appropriate protection to the wearer	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.7	Those who rely on visual signals for communication, or communicate with or provide support to such individuals, are currently exempt from any requirement to wear face coverings in schools or in public places		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	Clear instructions are provided to staff and pupils on how to put on, remove, store and dispose of face coverings, to avoid inadvertently increasing the risks of transmission	Staff and Pupils are instructed to: • not touch the front of their face covering during use or when removing it • dispose of temporary face coverings in a 'black bag' waste bin (not recycling bin) • place reusable face coverings in a plastic bag they can take home with them • wash their hands again before heading to their classroom	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.8	Where a face covering becomes damp, it should not be worn and the face covering should be replaced	Staff and pupils may consider bringing a spare face covering to wear if their face covering becomes damp during the day	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.9	Where anybody is struggling to access a face covering, or where they are unable to use their face covering due to having forgotten it or it having become soiled or unsafe, the school has taken steps to have a small contingency supply available to meet such needs	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

9.10	Those who rely on visual signals for communication, or communicate with or provide support to such individuals, are currently exempt from any requirement to wear face coverings in schools or in public places		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.11	Adjustments to be made for pupils with SEND who may be distressed if required to remove a face covering against their wishes		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9.12	PPE will need to be worn by a member of staff if a pupil becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the pupil is necessary, then gloves, an apron and a face mask should be worn by the supervising adult. If there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn	safe working in education, childcare and children's social care	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10	Visitors, Contractors & Spread of Coronavirus				
10.1	All visitors and contractors must make pre-arranged appointments, or they will not be allowed on site.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10.2	School ensures site guidance on physical distancing and hygiene is explained to visitors and contractors on or before arrival.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10.3	Where visits can happen outside of school hours, they are arranged as such.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10.4	Contractors to attend by agreement only after school have satisfied themselves that it is necessary for the visit to take place at that time and that all required controls are in place to allow the work to continue safely.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10.5	Contractors to provide updated risk assessment prior to visit which includes their own controls round infection spread prevention.	Times of visits may need to be adapted to take in to account the ability to maintain appropriate social distancing measures and availability of resources to effectively clean following the visits.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10.6	As normal, school engages with their local immunisation providers to provide immunisation programmes on site, ensuring these are delivered in keeping with the school's control measures	These programmes are essential for children's health and wellbeing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10.7	A record is kept of all visitors with sufficient detail to support rapid contact tracing if required by NHS Test and Trace	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11	Inadequate Ventilation				
11.1	Occupied spaces must always be well ventilated, and a comfortable teaching environment maintained	Classroom checklist includes opening windows at the start of the day and closing windows at the end of the day.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

11.2	Ventilate spaces with outdoor air	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11.3	Where possible, occupied room windows should be open	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11.4	Switch air handling units with recirculation to 100% outdoor air where this is not possible, systems are operated as normal	All air handling units are switched off.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
11.5	Prop doors open, where safe to do so (bearing in mind fire safety and safeguarding), to limit use of door handles and assist with creating a throughput of air	Maglocks are fitted to all internal doors to facilitate ventilation and maintain fire security.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11.6	In cold weather where the school heating system is activated, windows are open to provide trickle ventilation rather than being fully open	Classroom checklist includes opening windows at the start of the day and closing windows at the end of the day.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11.7	Consideration given to opening high level windows in preference to low level to reduce draughts		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
11.8	The school offers flexibility to allow additional, suitable indoor clothing	Extra layers (under uniform) are recommended.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11.9	Furniture rearranged where possible to avoid direct drafts		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11.10	Heating should be used as necessary to ensure comfort levels are maintained particularly in occupied spaces		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11.11	When heating is activated and windows are on trickle vent, consideration is given to employing desk fans to move any stagnant pockets of air		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
11.12	If school needs to use additional heaters, they only use sealed, oil filled electric heaters	Electric fan heaters used sparingly due to increased fire and electrical risk	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
12	Food Preparation and Staff Rooms				
12.1	It is very unlikely that you can catch coronavirus from food. COVID-19 is a respiratory illness. It is not known to be transmitted by exposure to food or food packaging. School kitchens can continue to operate but comply with the guidance for food businesses on Covid-19.	https://www.gov.uk/government/publications/covid-19-guidance-for-food-businesses/guidance-for-food-businesses-on-coronavirus-covid-19	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12.2	Any food handler who is unwell should not be at work. If they have symptoms, they should follow government advice and stay at home.	This is reinforced through training and communications.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12.3	Although it is very unlikely that coronavirus is transmitted through food, as a matter of good hygiene practice anyone handling food should wash their hands often with soap and water for at least 20 seconds. This should be done as a matter of routine, before and after handling food, and especially after being in a public place, blowing their nose, coughing, or sneezing.	This is reinforced through training and communications.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

12.4	Kitchens should continue to follow Food Standard Agency's (FSA) guidance on good hygiene practices in food preparation and their Hazard Analysis and Critical Control Point (HACCP) processes.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12.5	As far as reasonably possible, a distance of 2 metres should be maintained between users. Staff can continue to use rest areas but only if they apply the same social distancing, each staff room or rest area in school designates the maximum number of staff at any time.	Staff must not gather with any other staff or students in school (outside of structured lessons) unless they really must do so for vital learning and welfare reasons. If staff use the staff room or PPA room, they must stay 2m apart from all other people at all times. Maximum staff occupancies: Lower Office = 4 Welfare Team Office = 4 Main Office = 6 Staff Room = 12 PPA Room = 8 Meeting Room 1 = 6 Meeting Room 2 = 5 Meeting Room 3 = 2 Meeting Room 4 = 12 Meeting Room 5 = 24 Meeting Room 6 = 24 Heart Space = 50 All other "standard" classrooms = 16 All other offices and small rooms = 2/3/4 dependent on size	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12.6	Notices promoting hand hygiene and social distancing should be placed visibly in staff room area along with hand washing stations.	This is true.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
13	School Activities				
13.1	Pupils do not interact in a manner where they will have close contact with each other (maintain social distancing). This must be supported by very clear expectations and promoted via in-school communications.	Expectations will be regularly communicated with pupils, but social distancing at all times cannot be guaranteed.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
13.2	Practical lessons can go ahead if equipment can be cleaned thoroughly and the classroom or other learning environment is occupied by the same Pupils in one day, or properly cleaned between cohorts.	This is reinforced through curriculum and timetable and training and communications.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Risk Assessment for Red Kite Learning Trust (Through Schools).

13.3	Overnight domestic (UK) and overseas educational visits should not take place at the current time.	None are planned.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	Have you consulted with the people/representatives undertaking the activity as part of the preparation of this risk assessment?				
			Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	
	What is the level of risk for this situation BEFORE control measures implemented?		High <input checked="" type="checkbox"/>	Med <input type="checkbox"/>	Low <input type="checkbox"/>
	Is the risk adequately controlled with the existing control measures in school prior to this situation?		Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	
	Have you identified any further control measures needed to control the risk and recorded them in the action plan?		Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	
	ACTION PLAN (insert additional rows if required)	To be actioned by			
	Further or altered control measures to reduce risks <i>so far as is reasonably practicable</i>	Name	Date		

State overall risk level assigned to the task AFTER implementation of control and action plan measures taken as a result of this risk assessment.	High <input type="checkbox"/>	Med <input type="checkbox"/>	Low <input checked="" type="checkbox"/>
Is such a risk level deemed to be as low as reasonably practical?	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	
Is activity still acceptable with this level of risk?	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	

Risk Assessment for Red Kite Learning Trust (Through Schools).

If no, has this been escalated to senior leadership team?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
---	---------------------------------	-----------------------------

Distribution:

<i>Risk rating</i>	<i>Action</i>
HIGH Intolerable or Substantial Risks	Urgently review/add controls & monitor, notify H&S Team (if Likely or Highly Likely – stop work, seek competent advice).
MED Moderate Risks	Review/add controls (as far as reasonably practicable) & monitor.
LOW Tolerable or Trivial	Monitor control measures.
